EST. 1826

**Kelvin Smith Library**

Home > Who We Are > Statistics

### Public WOW

You can see the activity and movement happening in the physical library, but what you can't see is what's happening behind the scenes... until now. These real-time displays represent the traffic on the catalog, our website, and on Digital Case. There are also statistics representing our real-time circulation and door statistics. This helps to tell the complete story of Kelvin Smith Library and services it provides to the campus and to the world.

### Search Terms

New Live Search  
Recent Catalog Search  
Recent Digital Case Search  
Recent WebSite Search

**10:46:31 am**

**2204** total searches today

This display demonstrates real-time and recent search terms that are being submitted through the Catalog, Digital Case, and through Webfeat

- Upon screen reset, the terms are dropped and the total number of searches based on the **day, week, and year** are cycled through.
- The counter is incremented up when new search terms are found.
- **Note: No personally identifiable information is collected.**
