The Emory Center for Digital Scholarship (ECDS) - <http://digitalscholarship.emory.edu>

If you have a mission statement or some similar description of your center, please share it here:

Center's goals:

- to develop projects across a wide range of fields -- from art to clinical science -- in the effort to change how scholarly work gets published, curated, and integrated into teaching.
- to create a more unified digital scholarship support experience for Emory's faculty, staff and students (both graduate and undergraduate).

What services does your center support?:

Consultation on digital technologies

Consultation on digital project management

Intellectual property consultation

Digital preservation/curation consultation

Workshops

Credit courses

Certificate program

Media production studio

Makerspace

Other: Consultation on pedagogy methodologies

What type of staff is involved in the center?:

Information technology professionals

Multimedia professionals

Librarians

Information technologists

Faculty from academic departments

Graduate students
Undergraduate students

Please provide a URL or describe (in a few sentences) one digital project that has had support of the center:

Southern Spaces is a peer-reviewed, multimedia, open-access journal published in collaboration with the Robert W. Woodruff Library of Emory University. We publish articles, photo essays and images, reviews, presentations, and short videos about real and imagined spaces and places of the US South and their global connections. We intend our audience to be researchers and teachers, students in and out of classrooms, library patrons, and interested readers.
