| Educational partner | Seek to build engagement with born-digital government information preservation.  
|                    | Develop opportunities for knowledge transfer. |
| Leadership catalyst | Library missions align with collecting and curating born-digital government information and data.  
|                      | Mobilize leaders who can direct existing efforts or undertake new projects. |
