2. If you have a mission statement or similar description of your program, please include it here:

The Center for Digital Scholarship supports programs for scholarly communications, research data, and digital projects by collaborating across campus units to enable and amplify researchers' impact. The Center:

-Provides and coordinates sustainable access to data and infrastructure to conduct, preserve, and disseminate research.

-Leads scholarly communications and data management initiatives, and partners to enable researchers to exemplify the best practices of their fields.

-Serves as a dedicated space for deep scholarly engagement with digital methods for research and teaching.
