SUSTAINABLE DEVELOPMENT GOALS

# My Projects

# My Workplace: CMU libraries

Develop pedagogy to promote data literacy skills (**Qualitative Coding,** Data Literacy, Survey Design)

Facilitate key events related to inter-disciplinary and inter-departmental community data interests.

Management strategies for data that can be used for outreach and educational purposes.

**Sorrells Engineering and Science Library**

# Qualitative Coding

Carnegie Mellon University

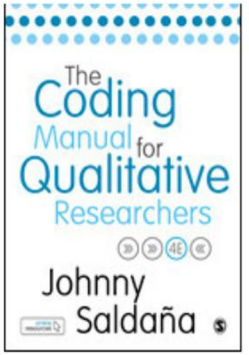
Carnegie Mellon University / Workshops

Coding in Qualitative Research

## Software Packages for Coding Qualitative Data

Most commonly used:

- NVivo
- Dedoose
- MAXQDA
- Quirkos
- Delve



The Essential Guide to Coding Qualitative Data

CENTER FOR SHARED PROSPERITY

**My Partners: Sustainability Initiatives at CMU**

Educate and Explore the university's connectedness across the UN's Sustainable Development (VUR).

**Center for Shared Prosperity at CMU:**

Collaborate with Community partners on free workshops; addressing themes around community data, flooding, water quality.

# My project: Ongoing Research

## The DaPGEF Project:

**Data Visualization and the Problematics of Greenhouse Emissions and Flooding (in Pittsburgh).**
